Bald Knob.

Bentley you must come again.

Another wedding nearly ripe.

The farmers are busy sowing wheat in this neighborhood.

Mrs. Nancy Clark, wife of W. R. Clark, is no better, and we think never will be.

Messrs. Sile Young and George Hoover had their tobacco injured by crowding it in the house.

Mr. Henry Herrel wants the editor of the Roundabout to find him a wife. Look out, Mr. Editor.

Charley Hardin was shown this week setting up the business for Barr, Owen & Co. Come again Charley.

X. Y. Z.

Bridgeport.

The patent medicine man was in the village this week.

Mr. J. W. Branch visited his brother in Bedford recently.

Born—October 17th, 1882, to Charlie Jenkins and wife, a son.

Otho Wheat and wife, and little Dick Parent, visited relatives in Shelby county last week.

Mr. J. S. Wilson, and his son Ernest, have returned from a trip to Johnstownville, Anderson county.

Taylor Parent received twenty five German Carp this week, which he has deposited in a suitable place for propagation.

W. G. Roberts, of Christiansburg, was the guest of his mother last Sunday and Monday. Also Mr. J. R. Roberts, of Owen county.

Mr. F. M. Seefeld, Mrs. Rebecca Crockett, Mrs. Ann Russell, and J. W. Jenkins have each very much improved their residences by repairs, additional buildings, &c.

Benson.

Chills and sore eyes are fashionable.

Farmers are busy sowing wheat and making sorghum.

Bro. Smith, pastor of Benson Church, preached an interesting sermon last Sunday. Subject—"John's Baptism."

Who will be our next School Commissioner is the question now being asked by those interested in the schools of the county. Give us a good one or none.

Squire Hamilton is requested, the next time he goes his hog round, to have something in it, especially when a judge of a primary election is about.

Mr. John W. Payne and wife, of Frankfort, were visiting relatives at this place last week. We were sorry they could not stay with us longer. Hope they will come again soon.

There is a curiosity in this neighborhood. It is called a "white buzzard." It is, however, larger, and has a different kind of head, but is always seen with, and roosts with a flock of buzzards. What is it?

The packet Fox was launched a few days ago, and is now lying at our landing. She will run between the north and south shores of Benson whenever there is water enough for her to pass the shoals. For freight or passage apply to Capt. Robt. Fox.

The primary election passed off with very little disturbance, the vote being Owens, 33; Blackburn, 19, a very small vote for this precinct, a great many of the voters not knowing there was to be an election. So much for not taking their county papers. AMOUR.

There were eleven persons baptized at the Forks of Elkhorn on Sunday afternoon. They had united with the Providence Baptist Church, in a meeting conducted by Rev. Dr. Skillman, of Georgetown, and Rev. T. J. Stevenson, of this place. The meeting still continues with increased interest.

It's strange how many of the boys had urgent business elsewhere this week. Wonder if Judge Major's court had anything to do with it?

Stoney Creek

But little wheat has been sown as yet.

This week has added another to the fine weather for curing tobacco and sowing wheat. Still the favorable prospects for tobacco do not operate to keep down the price of that article.

The primary election passed off quietly at Bald Knob, Saturday, giving Hon. J. C. S. Blackburn 24 majority. There was a small vote polled.

Bro. J. K. P. South preached a very interesting and impressive sermon at Antioch, Sunday, to a very attentive audience. Bro. South is an excellent preacher, and we are always glad when an opportunity presents itself for us to hear him expound the mysteries of the scriptures.

Bro. ——— Smith, from Benson, is practicing a series of meetings at the Stoney Creek school-house this week, with two additions up to this time. The house is thronged with attentive listeners every night, to hear the Word of God expounded. Bro. Smith preaches good sermons, and we hope he will accomplish a great deal of good while he continues to protract this meeting.

Bro. ——— Colbidge will preach at Antioch, the 4th Sunday night in this month, and Bro. Ed. Roberts the same night at the school-house on Stoney Creek.

Prof. C. L. Wiley's singing school term will expire on Sunday, very much to the regret of his scholars, as he is an excellent music teacher.

Mr. Charley Brawner, who has been sick for some time, is convalescent.

Died.—Near here, on the 14th inst., after a lingering illness of twenty-one days, with typhoid fever, a son of Mr. Bandy Polgrove, aged 17 years. FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky as second class mailable matter.

GEORGE A. LEWIS.

Editor and Publisher.

FRANKFORT, OCTOBER 21, 1882.

A blue pencil mark (X) on your paper indicates that your subscription has not been paid for some time, and you are requested to settle at once.

The editor of this paper has been absent attending the session of the Grand Lodge of Masons, in Louisville, this week, which will account for the paucity of spy matter in this issue. His hired man has not got his hand well in as yet. The fighting editor, however, is always at his post, ready for all emergencies.

If any one wants to surprise the editor, when he gets back, let them walk in and pay the cash for subscription to the paper, or advertisements in it, or for job work, and they can rest assured that his eyes will open wide with astonishment. The dimensions of a silver dollar are rendered uncertain by distance from the pocket.

A sad and distressing accident occurred Saturday afternoon, about three miles from this city, on the Lawrenceburg pike. Willie and Jeff Minor, Jr., aged respectively sixteen and fourteen, sons of Mr. Jeff Minor, who resides on the hill just above the Spout Spring, were out hunting, when Willie, who was aiming his gun up in a tree, brought the muzzle down on a line with his brother, who was standing at short distance away, and attempted to lower the hammer when it slipped from under his thumb, causing the gun to go off, the whole load striking Jeff in the left thigh, shattering the bone and severing the femoral artery. The poor fellow was standing near the brink of a precipice thirty feet high, when shot, and as he fell, came rolling over it, his brother being too frightened to think of catching him until he had reached the edge. He was taken to the house of Mr. Andy Thomason, near by and Dr. U. V. Williams, of this city, sent for, but it was too late for medical aid to save him, as he had lost so much blood that he died at 8 o'clock that night. The young man in whose hands the gun was, has been nearly crazy since, for the brothers were devotedly attached to each other.

Prof. Wayland Graham has started a new idea in the musical fraternity of this city, and it strikes us that it is an innovation that will meet with decided success. It is this: A Club has been formed of the best performers of the city and all assigned to the study of the music of a distinguished master in the art, for a month, each performer making their own selection, and to unite in the grand finale for the month. The masters selected and the months assigned are as follows: October—Mendelssohn, November—Mozart, December—Schubert, January—Haydn, February—Weber, March—Schumann, April—Beethoven, May—Chopin, June—Liszt.

The following is a list of the young ladies who have entered the Club: Miss Rebecca Averill, Miss Maria Lindsey, Miss Scottie Chinn, Miss Lizzie Macklin, Miss Katie Green, Miss Annie Macklin, Miss Belle Hensley, Miss Ruby Macklin, Miss Lizzie Rodman, Miss Mamie Scott, Miss Helen Lindsey, Miss Bettie Stewart, Miss Rose Stewart, Miss Emily Thomas, and Miss Annie Thomas.

When these entertainments are given it will be a rare treat to our musicians. We have no doubt but that Prof. Graham will make this a decided hit and success.

An accident, which came near being a fatal one, occurred at the west end of the railroad bridge, on Tuesday. A team belonging to Messrs. Wakefield & Co. was coming around the road under the hill, and when near the bridge, became unmanageable and backed over the hill into the river. The driver, James Kinkead, was very badly bruised up, and it was at first thought that one of his legs was broken. The team was saved from drowning with considerable difficulty. It strikes us that the county and city ought to have a fence put up along that road, as this is the third or fourth accident of this nature that has occurred at this place.

The Grand Lodge of the Independent Order of Old Fellows will meet in Winchester next Tuesday. Mr. E. Whitesides, of this city, is in nomination for the office of Grand Master, and no truer Old Fellow could be elected to fill the position.

The matrimonial crop is being rapidly gathered in this section. This augurs a cold winter.

By reference to the time table of the Louisville and Nashville Railroad, in another column, it will be seen that the time has been changed so that passengers from Frankfort and points along the Lexington branch have two connections for Cincinnati now, instead of one, as heretofore. Passengers leaving Frankfort at 6 A. M., arrive at Lagrange at 7:33 A. M., and then take the Cincinnati train leaving Lagrange at 8:43 A. M., and arrive at Cincinnati at 12:15, noon. Passengers leaving Frankfort at 2:27 P. M., arrive in Lagrange at 4 P. M., and there take the Cincinnati train, leaving Lagrange at 4:05 P. M., and arrive in Cincinnati at 7:15 P. M.

Henry Weitzel, son of Louis Weitzel, Esq., attempted to commit suicide about 12 o'clock, P. M., on Wednesday night. He was in conversation with a friend in the office of the Weitzel House, when he pulled out a revolver and attempted to shoot himself through the breast. The young man, who was talking to him, knocked the pistol down, and the ball was lodged in the corner of the hotel. Weitzel then fired a second shot, which took effect in the left groin, barely missing the femoral artery. He attempted to fire a third shot, when Dr. W. H. Pytkian, who had been attracted by the shot, caught him and took the pistol away from him. His wound, which is a serious one, was promptly dressed by Dr. Pytkian, and he was resting easy at last accounts. Disposition had produced temporary insanity.

At the sale of Major H. C. McDowell's "Woodlake" farm, on Tuesday last, the home place of four hundred and thirty acres, brought \$70,230 per acre, and was bought by John C. Noel, Esq., of this city. The other place, known as the "Llanoglen" place, containing one hundred and fifty-three and a half acres, was bought by Rev. T. J. Stevenson, of this city, for \$45,800 per acre. The whole farm bringing \$37,237.80. Major McDowell was offered \$40,000 for this land at private sale.

Mr. Campbell Carr and Miss Maggie McKee, two deaf mutes, were united in matrimony on Thursday last, at 11 o'clock, P. M., at the Episcopal Church, by Rev. Mr. Eddy, of the Deaf and Dumb Asylum, at Danville. The ceremony was performed in the peculiar and impressively solemn sign language. We tender to the happy pair our cordial congratulations.

The large and fashionable audience that greeted Mr. Thos. W. Keene, the great actor, on Tuesday night, was a fitting recognition to a fine actor. He held the audience spell-bound, from the commencement to the close, and every one came away delighted. A first-class actor, with a good support, can always command a full house in Frankfort.

CONSULTATION FREE. — Dr. N. J. Andrews, a graduate of the Detroit, Mich., Medical College, and a man of ten years' practice, will be at Buhr's Hotel, on Wednesday and Thursday, October 25 and 26. Call and see him. No charge for prescription. Catarrh and nervous debility a specialty. It.

The celebrated Belle Point hog case of Crutcher vs. Hale was decided again Saturday, in favor of Col. Crutcher.

If you wish a perfect fitting suit of clothes go and see Berberich. He is the boss in that line.

Mr. W. S. Saffell, of this city, was elected Grand Master-at-Arms by the Grand Lodge of Knights of Pythias, in session at Owensboro last week.

Chris. C. Merchant, of Belle Point, known during the Murphy meetings as the "golden haired silver-tongued orator," was taken with the suicidal mania on Wednesday evening, and attempted to wind up his earthly career by jumping from the Benson bridge into the river. The cooling process, taken in connection with his well known antipathy to water, was too much of a good thing for him, however, and he swam quietly out, and wended his way home, to be hoped a wiser and better man.

Mr. W. T. Runyan, one of our popular young merchants, was married to Miss Manie Ayres, daughter of the late W. N. Ayres, at the residence of the bride's mother, near Ducker Station, Woodford county, on Wednesday, at 9:15 o'clock, A. M. The ceremony was performed by Rev. G. W. Riggan, of Louisville, in the presence of only the immediate families of the parties. We tender the young couple our hearty congratulations.

Mr. B. F. Meek was in Louisville Tuesday, and secured rooms in the building on the southwest corner of Fifth and Jefferson streets, where he will commence the manufacture of fishing rods the first of November. He will remove his family to that city in the spring.

Mr. Ambrose Quarles and Miss Sue Quarles, of the Peak's Mill neighborhood, this county, were married in Louisville Thursday afternoon.

Rev. J. C. Menson, a colored lawyer, has been admitted to the bar, at Danville, Ky.

Messrs. Spotswood & Co.'s planing mill, at Lexington, was burned on Friday night, October 13th. The property was insured, but the business will necessarily be interrupted. Our citizens sympathize with the firm, as they are well known here, having only removed from this place about three years ago.

Another wedding will take place Wednesday week, the contracting parties being two popular young people of this city.

Col. R. P. Pepper's mare Catchy won a purse of \$400, in three straight heats, at Lexington on Saturday. A remarkable fact in this connection was that each heat was made in 2:27 1/2.

Mr. Peter H. Ferguson, of this county, and Mrs. Mary J. Smith were married at the residence of the bride's mother, in Louisville, on Wednesday evening.

We would call attention to the advertisement of the Messrs. Weitzel, in this issue, offering all the furniture, carpets, &c., now in the Capital Hotel, at public auction. This is a rare chance for those of moderate means to make themselves comfortable.

The exhibition of the paintings made by the pupils of Miss Hutchins was a very creditable affair. It was held at the residence of Dr. Sawyer, on Saturday evening, and was largely attended.

There is a great deal of complaint from gardeners of the rot and second growth in cabbage.

It is said that Mr. Thos. J. Chestnut, formerly of this city, but now of St. Louis, Mo., has fallen heir to considerable property in England by the death of a relative.

The majority of Hon. J. C. S. Blackburn over Hon. W. C. Owens is about 4,500 in this District.

Our young friend J. Wesley Wright, Esq., has gone to Cincinnati, to attend the law school.

Attention is called to the advertisement of Messrs. Stagg, Hume & Co., and of Messrs. Gregory Stagg & Co., in this issue.

A gentleman who formerly resided in this city but is now living in Louisville, came to this city last week for the purpose of having a suit of clothes made by Mr. V. Berberich. He says he finds no one to fit him so well or make as good clothes in the city.

The protracted meeting now in progress at Mt. Pleasant Church will continue through next week. Six additions have been made to the Church.

V. Berberich is putting up some of the noblest suits of clothes seen this season.

When you meet with an accident, get a sprained ankle, or are otherwise injured, don't go to the expense of sending for a doctor, but apply Kendall's Spavin Cure, and you will experience instant relief.

Berberich has good goods, gives a good fit, and is, without a doubt, the best.

W. L. Jett, Master Commissioner, sold the Frankfort Cotton Mill property to John Haly, Esq., for \$16,505, on Monday last. A big thing for the purchaser.

Dr. N. J. Andrews has never been known to fail in completely curing catarrh and nervous debility. No charge for prescription. Prescription filled by your druggist at regular prices. Call and see him at Buhr's Hotel, October 25 and 26. It.

When your only and beloved son comes home scarred up as the result of a juvenile fight, apply Kendall's Spavin Cure, and the pain will cease and the intellect will be greatly strengthened, and in all probability he will soon be in the White House. Read advertisement.

Our people are on the qui vive in anticipation of the entertainment in store for them on Saturday evening, in the opera of "Patience," as rendered by the Lexington Amateur Opera Troupe. The opera house will doubtless be full of our best and most cultivated citizens.

FROM COL. L. T. FOSTER.

Youngstown, Ohio, May 10th, 1880. DR. R. J. KENDALL & Co., Gentls:—I had a very valuable illustration of the efficacy of your medicine. I had a large bone spavin on one joint and a small one on the other which made him very lame. I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it and got our druggists here to send for it. They ordered three bottles. I took them all and thought I would give a thorough trial. I used according to the directions and the fourth day the cold ceased to be lame and the lumps have disappeared. I used but one bottle and the cold limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very Respectfully, L. T. FOSTER.

FRANKFORT RORNDABOUT.

The body of an Irish tailor by the name of Patrick Walsh was found on Tuesday morning floating in the river just below the wharf-boat. Coroner McKean was notified, and took charge of the body, and held an inquest, the jury returning a verdict of accidental drowning. The deceased had been in the employ of Messrs. Crutcher & Sparks for some two years or more, and was esteemed a good workman. The last seen of him was on last Saturday evening. He was a single man, and had no relatives in this section of country so far as known. He was buried in the cemetery on Tuesday evening.

The circuit court for this county commenced its session on Monday last, Judge P. U. Major presiding. There is a large docket, especially on the criminal calendar. The following gentlemen compose the grand jury of the present term:

Jos. L. Rodman, *foreman*, Ben. Hughes, Wm. Cardwell, Jackson Huelt, Elias Stone, Llewellyn Marshall, Lloyd Featherstone, S. M. Noel, Joseph Parent, Henry Rogers, Stephen Black, Daniel Glatton, Thomas Bedford, L. F. Noel, L. J. Cox, W. P. Hudson.

Let evil-doers remember that the day of reckoning is not far off.

Mr. John L. Sneed, of this city, and Miss Fannie Lee, of Louisville, were married at Calvary Church, in the latter city, on Wednesday. Mr. Sneed is too well known in this city for us to add anything to his deserved reputation as a business man and gentleman. Of his wife we hear only words of praise and compliment. "Here's to you, Jack, may you live long and prosper."

In W. H. N.'s notice, in yesterday's Courier-Journal, of the Carr-McKee wedding, the statement is made that the groom is a practical printer and an employee of this office. This is a mistake. Mr. Carr is a farmer, but has been a subscriber for the RORNDABOUT for several years and generally drops in to see us when in town. Your informant was considerably off, Bro. Billie.

To the Bereaved Parents of Philip Smith

BY L. H. NEWMAN.

Your Philip dear has left you—
Nothing comes but soothings tears
Up to his parents' hearts so true
Full your pain is lull'd by years.
The Great Ruler of all expense
Gives one law of recompense:
Pleasure pay tax to pain,
And pain restore to hope again.

There is sweet joy in sorrow:
There is a balm for every pain:
There's a beautiful to-morrow
Of sunshine after rain.
You'll find a branch of healing
Near every bitter spring:
A whispered promise stealing
O'er every broken string.

You'll find a glad hosanna
For every weal and woe—
A handful of sweet manna
When grapes of Eschcol fall.
Seek for the Rock of Ages—
When earthly wells are dry,
And, after weary stages,
You will find an Eden sigh.

An Elm with its coolness,
Its fountains, and its shades,
A blessing in its fullness
When your buds of promise fade.
Your tears of self contrition
Will cause a rainbow light,
Bring glory and fruition
So near, yet out of sight.

Your Savior, who possesses,
Will be your joy, your balm,
Your healing and your blessing,
Your sunshine and your palm;
Your promise when you're fearful,
Your Elm when you're faint,
Your rainbow when you're tearful,
Your glory when a saint.

J. K. Heldrich, Esq., of Elmville, was granted a divorce from his wife, Mrs. Katy Heldrich, on Thursday last, by Judge Major. His many friends will be gratified to learn of this result.

Elmville.

The series of meetings, conducted at Mr. Vernon Church by Revs. Cobb and Barton, closed on the 18th inst., with eight additions by baptism and seven by letter.

Mr. Lucas Read, one of Owen's brightest young men, spent several days last week with the family of J. W. Bridges, two miles west of this place.

Competent judges said that Mr. J. W. Bridges and Miss Annie Wiley were the best looking couple at Mr. Vernon Church Sunday. The crowd numbered eight hundred, with folks from all parts.

The series of meetings going on at Minorsville, Scott county, conducted by the Rev. Elliott, has resulted in five additions, and great good to the congregation.

Mr. Spencer O. Wigginton, after a protracted visit to friends in the West, has returned home, and there is one more heart happy.

On the 14th inst., at Monterey, after the day was almost spent without any difficulty, Mr. Jack Barber and W. H. Smith got into an altercation, when Barber drew his knife and cut the artery in Smith's neck. It is said that Smith will die. Barber is still at large.

The Graves boys and Hensley had a fight at Stamping Ground on the 14th inst., when one of the Graves boys shot and broke old man Hensley's leg in the knee, when the Hensley boys cut Graves almost to pieces.

The Misses Stafford, of Peak's Mill, spent last Sunday with Miss Annie Wiley, near this place.

Miss Belle Hall spent several days last week with Miss Ella Hall, two miles west of this place.

There were several of Owen's young belles who attended church at Mt. Vernon Sunday.

Mr. S. N. Hodges failed to put in his appearance Sunday evening at Mt. Vernon Church, and the congregation was sadly disappointed.

Mr. Editor, will you or some of your readers, inform us folks in this, the northern portion of the county, if there is any such office as Common School Commissioner, and what his duties are? We have had eight schools taught here in that many years, and not less than five months in a school, and yet we have not a scholar qualified to work half through Ray's third part. Who is to blame? We can't, or will not, say; but we can say that our school is of no use at all, and we would do well, if there is a Common School Commissioner, to let him see to it when he will visit our school, known as the Poe school-house, and see for himself that our school teachers have been a failure. So far as our children are concerned, they are intelligent, and the blame is not here.

THE FLOWER CITY FUROR!

The Commotion Caused by the Statement of a Physician.

An unusual article from the Rochester, N. Y., *Democrat and Chronicle*, was published in this paper recently, and has been the subject of much conversation, both in professional circles and on the street. Apparently it caused more commotion in Rochester, as the following from the same paper shows:

Dr. J. B. Henion, who is well known not only in Rochester, but in nearly every part of America, sent an extended article to this paper a few days since, which was duly published, detailing his remarkable experience and rescue from what seemed to be certain death. It would be impossible to enumerate the personal inquiries which have been made at our office as to the validity of the article, but they have been so numerous that further investigation of the subject was deemed an editorial necessity.

With this end in view a representative of this paper called on Dr. Henion at his residence on St. Paul street, when the following interview occurred:

"That article of yours, Doctor, has created quite a whirlwind. Are the statements about the terrible condition you were in, and the way you were rescued such as you can sustain?"

"Every one of them, and many additional ones. Few people ever get so near the grave as I did and then return, and I am not surprised that the public think it marvelous. It was marvelous."

"How in the world do you, a physician, come to be brought so low?"

"By neglecting the first and most simple symptoms. I did not think I was sick. It is true I had frequent headaches; felt tired most of the time; could eat nothing one day and was so nervous that I did not sleep. I had indigestion, and my stomach was out of order, but I did not think it meant anything serious."

"But have these common ailments anything to do with the fearful Bright's disease, which took so firm a hold on you?"

"Anything? Why, they are the sure indications of the first stages of that dreadful malady. The facts, as few people know, realize what ails them, and I am sorry to say that too few physicians do either."

"That is a strange statement, Doctor."

"But it is a true one. The medical profession have been treating symptoms instead of diseases for years, and it is high time it ceased. We doctors have been clipping off the twigs when we should strike at the root. The symptoms I have just mentioned, or any unusual action or irritation of the water channels indicate the approach of Bright's disease even more than a cough announces the coming of consumption. We do not treat the cough, but try to help the lungs. We should not waste our time trying to relieve the headache, stomach, pains about the body or other symptoms, but go directly to the kidneys, the source of most of these ailments."

"This, then, is what you meant when you said that more than one-half the deaths which occur arise from Bright's disease, is it, Doctor?"

"Precisely. Thousands of so-called diseases are torturing people to-day, when in reality it is Bright's disease in some of its many forms. It is a Hydra-headed monster, and the slightest symptoms should strike terror to every one who hears them. I look back and recall hundreds of deaths which physicians declared at the time were caused by paralysis, apoplexy, heart disease, pneumonia, malarial fever, and other common complaints, which I see now were caused by Bright's disease."

"And did all these cases have simple symptoms at first?"

"Every one of them, and might have been cured as I was by the timely use of the same remedy—Warner's Safe Kidney and Liver Cure. I am getting my eyes thoroughly opened in this matter, and think I am helping others to see the facts and their possible danger also. Why, there are no end of truths bearing on this subject. If you want to know more about it go and see Mr. Warner himself. He will tick the same as I, and is the greatest man in Rochester to-day. He has made a study of this subject, and can give you more facts than I can, go, too, and see Dr. Lattimore, the chemist, at the University. If you want facts there are any quantity of them showing the alarming increase of Bright's disease, its simple and deceptive symptoms, and that there is but one way by which it can be escaped."

"Fully satisfied of the truth and force of the Doctor's words, the reporter had him good day, and called on Mr. Warner at his establishment on Exchange street. At first Mr. Warner was inclined to be reticent, but learning that the information desired was about the alarming increase of Bright's disease, his manner changed instantly, and he spoke very earnestly."

"It is true that Bright's disease has increased wonderfully, and we find, by reliable statistics, that in the past ten years its growth has been 250 per cent. Look at the prominent men it has carried off: Everett, Sumner, Chase, Wilson, Carpenter, Bishop Haven and others. It is a terrible, and shows a greater growth than that of any other known complaint. It should be plain to every one that something must be done to check its increase or there is no knowing where it may end."

"Do you think many people are afflicted with it to-day who do not realize it, Mr. Warner?"

"Hundreds of thousands. I have a striking example of this truth which has just come to my notice. A prominent professor in a New Orleans medical college was lecturing before his class on the subject of Bright's disease. He had various fluids under microscopic analysis, and was showing the students what the indications of this terrible malady were. In order to show the contrast between healthy and unhealthy fluids, he had provided a vial, the contents of which were drawn from his own person. 'And now gentlemen,' he said, 'as we have seen the unhealthy indications, I will show you how it appears in a state of perfect health,' and he submitted his own fluid to the usual test. As he watched the results his countenance suddenly changed—his color and command both left him, and in a trembling voice said: 'Gentlemen, I have made a painful discovery; I have Bright's disease of the kidneys; and in less than a year he was dead.'

"You believe then that it has no symptoms of its own, and is frequently unknown even by the person who is afflicted with it?"

"It has no symptoms of its own, and very often none at all. Usually no two people have the same symptoms, and frequently death is the first symptom. The slightest indications of any kidney difficulty should be enough to strike terror to any one. I know what I am talking about, for I have been through all the stages of kidney disease."

"You know of Dr. Henion's case?"

"Yes, I have both read and heard of it. It is very wonderful, is it not?"

"A very prominent case, but no more so than a great many others that have come to my notice as having been cured by the same means."

"You believe then that Bright's disease can be cured?"

"I know it can. I know it from the experience of hundreds of prominent persons who were given up to die by both their physicians and friends."

"You speak of your own experience, what was it?"

"A fearful one. I had felt languid and unfit for business for years. But I did not know what ailed me. When, however, I found it was kidney disease, I thought there was little hope and so did the doctors. I have since learned that one of the physicians of this city pointed me out to gentlemen on the street one day saying: 'There is a man who will be dead within a year.' I believe his words would have proven true if I had not fortunately secured and used the remedy now known as Warner's Safe Kidney and Liver Cure."

"And this caused you to manufacture it?"

"No it caused me to investigate. I went to the principal cities, saw physicians prescribing and using it and I therefore determined as a duty I owed humanity and the suffering to bring it within their reach and now it is known in every part of America, is sold in every drug store, and has become a household necessity."

The reporter left Mr. Warner, much impressed with the earnestness and sincerity of his statements and next paid a visit to Dr. S. A. Lattimore at his residence on Prince street. Dr. Lattimore, although locally engaged upon some matters connected with the State Board of Health, of which he is one of the analysts, courteously answered the questions that were propounded to him:

"Did you make a chemical analysis of the case of Mr. H. H. Warner some three years ago, Doctor?"

"Yes, sir."

"What did this analysis show you?"

"The presence of albumen and ure casts in great abundance."

"And what did the symptoms indicate?"

"A serious disease of the kidneys."

"Did you think Mr. Warner could recover?"

"No, sir. I did not think it possible. It was seldom, indeed, that so pronounced a case had, up to that time, ever been cured."

"Do you know anything about the remedy which cured him?"

"Yes, I have chemically analyzed it, and, upon critical examination, find it entirely free from any poisonous or deleterious substances."

We publish the foregoing statements in view of the commotion which the publicity of Dr. Henion's article has caused, and to meet the protestations which have been made by Dr. Henion, Dr. Lattimore, Mr. Warner, and Dr. Lattimore in the community is beyond question, and the statements they make cannot for a moment be doubted. They conclusively show that Bright's disease of the kidneys is one of the most deceptive and dangerous of all diseases, that it is exceedingly common, alarmingly increasing, and that it can be cured.
